An Act to provide for the establishment of a comprehensive health service for England and Wales, and for purposes connected therewith. [6th November 1946.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART I.

CENTRAL ADMINISTRATION.

1.—(1) It shall be the duty of the Minister of Health (hereafter in this Act referred to as "the Minister") to promote the establishment in England and Wales of a comprehensive health service designed to secure improvement in the physical and mental health of the people of England and Wales and the prevention, diagnosis and treatment of illness, and for that purpose to provide or secure the effective provision of services in accordance with the following provisions of this Act.

(2) The services so provided shall be free of charge, except where any provision of this Act expressly provides for the making and recovery of charges.

2.—(1) There shall be constituted in accordance with the First Schedule to this Act a council, to be called the Central Health Services Council and hereafter in this Act referred to as "the Central Council", and it shall

I  
Central Health Services Council and Standing Advisory Committees.

PART I.  
—cont.

be the duty of the Central Council to advise the Minister upon such general matters relating to the services provided under this Act, or any services provided by local health authorities in their capacity as such authorities, as the Council think fit and upon any questions referred to them by him relating to those services.

(2) The Minister may, after consultation with the Central Council, by order vary the constitution of that Council.

(3) The Minister may, after consultation with the Central Council, by order constitute standing advisory committees for the purpose of advising him and the Central Council on such of the services aforesaid as may be specified in the order, and any committee constituted under this subsection shall consist partly of members of the Central Council appointed by the Minister after consultation with that Council as being persons of experience in those services and partly of persons, whether members of the Central Council or not, appointed by the Minister after consultation with such representative organisations as the Minister may recognise for the purpose.

(4) It shall be the duty of a standing advisory committee constituted under this section to advise the Minister and the Central Council upon such matters relating to the services with which the committee are concerned as they think fit and upon any questions referred to them by the Minister or Central Council relating to those services, and, if the committee advise the Minister upon any matter, they shall inform the Central Council, who may express their views thereon to the Minister.

(5) The Central Council shall make an annual report to the Minister on their proceedings and on the proceedings of any standing advisory committee constituted under this section, and the Minister shall lay that report before Parliament with such comments (if any) as he thinks fit:

Provided that, if the Minister, after consultation with the Central Council, is satisfied that it would be contrary to the public interest to lay any such report, or a part of any such report, before Parliament, he may refrain from laying that report or part.

(6) The supplementary provisions contained in the First Schedule to this Act shall have effect in relation to the Central council and any standing advisory committee constituted under this section.

## PART II.

## HOSPITAL AND SPECIALIST SERVICES.

*Provision of Services by Minister.*

3.—(1) As from the appointed day, it shall be the duty of the Minister to provide throughout England and Wales, to such extent as he considers necessary to meet all reasonable requirements, accommodation and services of the following descriptions, that is to say:—

Provision of  
hospital and  
specialist  
services.

- (a) hospital accommodation;
- (b) medical, nursing and other services required at or for the purposes of hospitals;
- (c) the services of specialists, whether at a hospital, a health centre provided under Part III of this Act or a clinic or, if necessary on medical grounds, at the home of the patient;

and any accommodation and services provided under this section are in this Act referred to as "hospital and specialist services".

(2) Regulations may provide for the making and recovery by the Minister of such charges as may be prescribed—

- (a) in respect of the supply, as part of the hospital and specialist services, of any appliance which is, at the request of the person supplied, of a more expensive type than the prescribed type, or in respect of the replacement or repair of any such appliance; or
- (b) in respect of the replacement or repair of any appliance supplied as part of the services aforesaid, if it is determined in the prescribed manner that the replacement or repair is necessitated by lack of care on the part of the person supplied.

(3) Regulations may provide for the payment by the Minister, in such cases as may be prescribed, of travelling expenses (including the travelling expenses of a companion) incurred or to be incurred by persons for the purpose of availing themselves of hospital and specialist services.

4. Where there is provided in any hospital, as part of the hospital and specialist services, accommodation in single rooms or small wards, the Minister may make any such accommodation, which is not for the time being needed by any patient on medical grounds, available for patients who undertake, or in respect of whom an undertaking is given, to pay for the accommodation such charges, designed to cover part of the cost thereof, as may be determined in the prescribed manner, and the Minister may recover those charges.

Accom-  
modation  
available  
on part  
payment.

PART II.  
—cont.  
Accommo-  
dation for  
private  
patients.

5.—(1) If the Minister, having regard to his duty to provide hospital and specialist services, is satisfied that it is reasonable so to do, he may set aside in any hospital providing such services special accommodation for patients who undertake, or in respect of whom an undertaking is given, to pay such charges as may be determined in the prescribed manner, being charges designed to cover the whole cost of the accommodation and services provided for the patient at the hospital, including an appropriate amount in respect of overhead expenses, and the Minister may recover those charges:

Provided that nothing in this section shall prevent accommodation so set aside from being made available for any patient who urgently needs that accommodation on medical grounds and for whom suitable accommodation is not otherwise available.

(2) The Minister may allow any medical practitioner serving, whether in an honorary or paid capacity, on the staff of a hospital providing hospital and specialist services to make arrangements for the treatment of his private patients either at that hospital or at any other such hospital, and may make available for that purpose the special accommodation aforesaid, and in that case the charges prescribed under the last foregoing subsection shall not include the cost of any services rendered by the medical practitioner, and regulations may prescribe the maximum charges to be made and recovered by any such medical practitioner in respect of the treatment of his private patients under this subsection.

*Transfer of hospitals to the Minister.*

Transfer of  
hospitals to  
the Minister.

6.—(1) Subject to the provisions of this Act, there shall, on the appointed day, be transferred to and vest in the Minister by virtue of this Act all interests in or attaching to premises forming part of a voluntary hospital or used for the purposes of a voluntary hospital, and in equipment, furniture or other movable property used in or in connection with such premises, being interests held immediately before the appointed day by the governing body of the hospital or by trustees solely for the purposes of that hospital, and all rights and liabilities to which any such governing body or trustees were entitled or subject immediately before the appointed day, being rights and liabilities acquired or incurred solely for the purposes of managing any such premises or property as aforesaid or otherwise carrying on the business of the hospital or any part thereof, but not including any endowment within the meaning of the next following section or any rights or liabilities transferred under that section.

(2) Subject to the provisions of this Act, there shall also, on the appointed day, be transferred to and vest in the Minister by virtue of this Act all hospitals vested in a local authority immediately before the appointed day, and all property and liabilities held by a local authority, or to which a local authority were subject, immediately before the appointed day, being property and liabilities held or incurred solely for the purposes of those hospitals or any of them or for the purpose of securing accommodation for persons in the area at any hospital not vested in the authority.

(3) If it appears to the Minister that, in the case of any hospital to which the foregoing provisions of this section apply, the transfer of the hospital or of the interests referred to in subsection (1) of this section will not be required for the purpose of providing hospital and specialist services, he may, at any time before the appointed day, serve a notice to that effect on the governing body of the hospital or, as the case may be, on the local authority in whom the hospital is vested, and thereupon the foregoing provisions of this section shall cease to apply to that hospital:

Provided that if the governing body or local authority, within such period (not being less than twenty-eight days from the service of the notice) as may be specified in the notice, serve a notice on the Minister stating that they wish the hospital or interests to be transferred to the Minister, the foregoing provisions of this section shall apply to the hospital.

(4) All property transferred to the Minister under this section shall vest in him free of any trust existing immediately before the appointed day, and the Minister may use any such property for the purpose of any of his functions under this Act, but shall so far as practicable secure that the objects for which any such property was used immediately before the appointed day are not prejudiced by the provisions of this section.

(5) Regulations may provide—

- (a) for the apportionment, as between the Minister and the other persons concerned, of interests in premises used partly for the purposes of any hospital to which this section applies and partly for other purposes and, in the case of a leasehold interest, for the severance thereof, and for vesting in the Minister and the other persons concerned the appropriate interests, and for the apportionment of rent payable in respect of any such severed lease;

PART II.  
—cont.

- (b) for the apportionment, as between the Minister and the other persons concerned, of any other periodical sums payable in respect of any transferred property or liabilities;
- (c) for the apportionment, as between the Minister and the other persons concerned, of liabilities incurred partly for the purposes referred to in subsection (1) or subsection (2) of this section and partly for other purposes;
- (d) for the transfer to and vesting in the Minister of interests held solely for the purposes of two or more voluntary hospitals to which this section applies in premises used for the purposes of those hospitals, and of property and liabilities which would, if the interests were held and the premises used solely for the purposes of one such hospital, be transferred to the Minister under subsection (1) of this section or apportioned to him under the foregoing provisions of this subsection; and
- (e) for the determination by arbitration, in default of agreement, of any question arising as to any of the matters aforesaid.

(6) This section shall not apply to rights and liabilities arising under contracts for the rendering of personal services or to rights and liabilities arising under any enactment, scheme or contract providing for the payment of superannuation benefits, except superannuation benefits payable in respect of officers employed for the purposes of a voluntary hospital who have ceased to be so employed before the appointed day, but this subsection shall be without prejudice to the provisions of Part VI of this Act relating to the transfer and compensation of officers and the superannuation of officers.

Endowments  
of voluntary  
hospitals.

7.—(1) Where any voluntary hospital to which the last foregoing section applies is, before the appointed day, designated by the Minister under this Part of this Act as a teaching hospital or is one of a group of hospitals so designated, all endowments of the hospital held immediately before the appointed day shall on that day, by virtue of this Act, be transferred to and vest in the Board of Governors constituted under the following provisions of this Part of this Act for the teaching hospital.

(2) All such endowments shall vest in the Board free of any trust existing immediately before the appointed day and shall be held by the Board on trust for such purposes relating to hospital services or to the functions of the Board under this Part of this Act with respect to research as the Board

think fit, and the Board may dispose of any property comprised in those endowments and hold the proceeds thereof on trust for any of the said purposes.

(3) Where any endowment which is to be vested in a Board of Governors under the foregoing provisions of this section is, immediately before the appointed day, subject to a charge in respect of a liability which would, but for this subsection, be transferred to the Minister under the last foregoing section, that liability shall, instead of being transferred to the Minister, be transferred to the Board on the appointed day.

(4) All endowments of a voluntary hospital to which the last foregoing section applies, other than a hospital to which the foregoing provisions of this section apply, being endowments held immediately before the appointed day, shall on that day be transferred to and vest in the Minister by virtue of this Act free of any trust existing immediately before that day; and the Minister shall establish a fund, to be called the Hospital Endowments Fund, to which he shall transfer all such endowments:

Provided that, where an endowment is given after the passing of this Act and before the appointed day, whether to the governing body of the hospital or to trustees, upon trusts which provide either—

- (a) for the administration of the property as a capital fund separate from the general funds of the hospital; or
- (b) for the application of the property for some specific object distinct from the general purposes of the hospital and involving expenditure of a capital nature;

the endowment, instead of being transferred to the Minister and the Hospital Endowments Fund as aforesaid, shall on the appointed day, by virtue of this Act, be transferred to and vest in the Hospital Management Committee constituted under the following provisions of this Part of this Act for the hospital or for the group of hospitals in which it is comprised, and shall vest in that Committee free of any trust existing immediately before the appointed day, and shall be held by the Committee on trust for such purposes relating to hospital services or to the functions of the Committee under this Part of this Act with respect to research as the Committee think fit, and the Committee may dispose of any property comprised in any such endowment and hold the proceeds thereof on trust for any of the said purposes.

PART II.  
—*cont.*

## (5) Regulations shall provide—

- (a) for the control and management of the Hospital Endowments Fund by the Minister or any person authorised to act on his behalf, and for defraying out of the Fund such expenses incurred for the purpose of the control and management of the Fund as may be prescribed, and for conferring on the Minister or any such person any powers required for that purpose, including powers to sell or otherwise dispose of any assets of the Fund, and for carrying the proceeds into the Fund;
- (b) for enabling the Minister to apply, to such extent as may be prescribed, the assets of the Fund for discharging any liabilities transferred to him under the last foregoing section in connection with the transfer of such a voluntary hospital as is mentioned in the last foregoing subsection, or transferred to him under this section;
- (c) subject to any provision for the discharge of such liabilities, for apportioning the capital value of the Fund among the several Regional Hospital Boards and Hospital Management Committees constituted under the following provisions of this Part of this Act, in such shares as may be determined by the Minister in the prescribed manner, and for distributing the income of the Fund to those Boards and Committees proportionately to those shares;
- (d) for enabling the Minister, on the application of a Regional Hospital Board or Hospital Management Committee, to transfer to that Board or Committee for such purposes as may be approved by the Minister any part of the capital assets of the Fund not exceeding in value the said share of that Board or Committee, and for reducing that share accordingly.

(6) Subject to such general conditions as may be prescribed, any income received by a Regional Hospital Board or Hospital Management Committee under the last foregoing subsection may be used for such purposes relating to hospital services, or to the functions of the Board or Committee under this Part of this Act with respect to research, as the Board or Committee thinks fit.

(7) Every Board of Governors and Hospital Management Committee shall, in the case of any endowment transferred to them under this section, and the Minister shall, in the case of any endowment transferred to him and the Hospital Endowments Fund under this section, secure, so far as is reasonably

practicable, that the objects of the endowment and the observance of any conditions attaching thereto, including in particular conditions intended to preserve the memory of any person or class of persons, are not prejudiced by the provisions of this section.

(8) All rights and liabilities acquired or incurred, whether by the governing body or by trustees, solely for the purposes of managing any endowment of a voluntary hospital to which the last foregoing section of this Act applies, being rights or liabilities to which they were entitled or subject immediately before the appointed day, shall—

- (a) if the hospital has before that day been designated as a teaching hospital or is one of a group of hospitals so designated, be transferred to and vest in the Board of Governors of the teaching hospital on that day by virtue of this Act;
  - (b) if the endowment is transferred to and vested in a Hospital Management Committee by virtue of this Act, be transferred to and vest in that Committee on that day by virtue of this Act;
  - (c) in any other case be transferred to and vest in the Minister on that day by virtue of this Act.
- (9) Regulations may provide—
- (a) for the apportionment of any property held by the governing body of a voluntary hospital to which this section applies partly for the purposes of that hospital and partly for other purposes, being property which would, if it were held solely for the purposes of the hospital, constitute an endowment of that hospital, and for vesting the appropriate shares in the Minister or (in the case of a teaching hospital) the Board of Governors of that hospital, or (in the case of an endowment which would be transferred to a Hospital Management Committee) that Committee, and the other persons concerned;
  - (b) in connection with any such apportionment, for the severance of leases and the apportionment of rent payable in respect thereof and for the apportionment of any rights and liabilities acquired or incurred for the purposes of managing the property and of any liabilities charged thereon;
  - (c) in lieu of such apportionment, for the disposal of any such property and for the apportionment of the proceeds;
  - (d) for the apportionment of any other periodical sums payable in respect of property transferred under this section;

PART II.  
—cont.

- (e) for the transfer to the Hospital Endowments Fund of any property or sums apportioned to the Minister under the regulations;
- (f) for the determination by arbitration, in default of agreement, of any question arising with respect to the matters aforesaid.

(10) In this section the expression “endowment,” in relation to a voluntary hospital, means property held by the governing body of the hospital or by trustees solely for the purposes of that hospital, being property of the following descriptions—

- (a) interests in or attaching to land other than the premises referred to in subsection (1) or subsection (5) of the last foregoing section, and in equipment, furniture or other movable property used on or in connection with such land;
- (b) shares, stocks, bonds, debentures and other securities, and any other personal property held by way of an investment;
- (c) money, including any credit in a banking account;
- (d) rights under any bill of exchange, promissory note or gratuitous covenant for the payment of money:

Provided that an equitable interest held for the purposes of a voluntary hospital in trust property in which there are other equitable interests shall not be deemed to be an endowment of that hospital.

(11) Where the Minister is satisfied that any property transferred to him under subsection (2) of the last foregoing section, being property held for the purposes of a hospital vested in a local authority immediately before the appointed day, would, if the hospital had been a voluntary hospital immediately before that day, have been an endowment of that hospital within the meaning of this section, he shall—

- (a) if the hospital has been designated as a teaching hospital or is one of a group of hospitals so designated, transfer the property to the Board of Governors constituted under the following provisions of this Part of this Act for the teaching hospital;
- (b) if the endowment would have been transferred to the Hospital Management Committee, transfer the property to that Committee;
- (c) in any other case transfer the property to the Hospital Endowments Fund;

and the foregoing provisions of this section shall apply to the property in like manner as they apply to endowments of voluntary hospitals.

8.—(1) Where a medical or dental school is associated with any hospital to which section six of this Act applies, nothing in that section or the last foregoing section shall be taken as affecting any property or liabilities held or incurred solely for the purposes of that school, and those purposes shall not be deemed to be purposes of the hospital.

PART II.  
—cont.  
Exception for  
medical and  
dental schools.

(2) All property and liabilities held or incurred solely for the purposes of any such school, not being property already vested in the bodies hereafter in this section mentioned or liabilities to which those bodies are already subject, shall, on the appointed day, be transferred by virtue of this Act—

- (a) in the case of a general medical school of the university of London or any school in the faculty of medicine of that university which is recognised for dentistry only, to the governing body of that school;
- (b) in the case of the Welsh National School of Medicine, to the governing body of that school;
- (c) in the case of a medical or dental school of a university other than the university of London or the university of Wales, to the governing body of the university of which the school is a part;

and shall vest in the said governing body by virtue of this Act.

(3) If any institute for the post-graduate teaching of medicine or dentistry, being an institute associated with any hospital to which section six of this Act applies, is recognised by the Minister for the purposes of this section before the appointed day, subsection (1) of this section shall apply thereto in like manner as it applies to a medical or dental school so associated, and all property and liabilities held or incurred solely for the purposes of any such institute, not being property already vested in the governing body of the institute or liabilities to which that body is already subject, shall, on the appointed day, be transferred to and vest in the governing body of the institute by virtue of this Act.

9.—(1) For the purposes of the foregoing provisions of this Part of this Act relating to the transfer of property and liabilities, the expression “hospital” includes, in addition to the premises specified in the definition of the said expression contained in section seventy-nine of this Act, any clinic, dispensary or out-patient department not maintained in connection with such premises as aforesaid at which treatment by or under the direction of medical or dental practitioners is provided, not being—

Supplemen-  
tary provisions  
relating to  
transfer of  
hospital  
property and  
liabilities.

- (a) a clinic or out-patient department maintained by a local education authority or maintained by any other

PART II.  
—cont.

local authority for the care of expectant and nursing mothers and young children; or

- (b) a clinic, out-patient department or dispensary where medical advice or treatment is ordinarily given by general medical practitioners and not by specialists;

and also includes any part of a workhouse within the meaning of the Poor Law Act, 1930, which would, if it were a separate institution, be a hospital as defined by the said section seventy-nine, but save as aforesaid does not include any premises forming part of or ancillary to any institution or undertaking of which the main purpose is not therapeutic.

20 & 21 Geo. 5.  
c. 17.

(2) Where in connection with a voluntary hospital any premises are used for providing accommodation for paying patients and any profits thereby earned are made available for the benefit of the hospital, the premises shall be deemed for the purposes of this Part of this Act to form part of the hospital.

(3) Where—

- (a) any premises are intended to be used for the purposes of a hospital to which section six of this Act applies but have not been so used before the appointed day, and work has been done before that day for the purpose of adapting the premises for such use;
- (b) it is intended to construct on any land new buildings or works which will on completion be used for the purposes of such a hospital as aforesaid, and the work of constructing the buildings or works has commenced before the appointed day;
- (c) any premises used for the purposes of such a hospital as aforesaid have been destroyed and have not been restored before the appointed day; or
- (d) any premises normally used for the purposes of such a hospital as aforesaid are, owing to damage or any other cause, not so used immediately before the appointed day;

any interests in those premises or in that land or, in the case of destroyed premises, the site thereof held immediately before the appointed day by the governing body of the hospital or trustees or, as the case may be, the local authority in whom the hospital is vested, being interests held solely for the purposes of the hospital, shall be deemed for the purposes of this Part of this Act to be interests in premises forming part of the hospital.

(4) Where any premises or land normally used for other purposes are or is temporarily used immediately before the appointed day by a local authority for the purposes of a

hospital, the premises or land shall not be deemed for the purposes of this Part of this Act to be a hospital or, as the case may be, to form part of a hospital.

PART II.  
—cont.

(5) Any right under the War Damage Act, 1943, to receive a payment in respect of war damage within the meaning of that Act, held immediately before the appointed day by the governing body of a voluntary hospital or by trustees solely for the purposes of such a hospital, and any such right other than a right to receive a payment of cost of works or a temporary works payment within the meaning of that Act, held immediately before the appointed day by a local authority in whom a hospital is vested, in respect of war damage to property which before the occurrence of the damage was held for the purposes of that hospital, shall be deemed for the purposes of this Part of this Act to be a right acquired solely for the purposes of carrying on the business of the voluntary hospital or, as the case may be, a right held by the local authority solely for the purposes of the hospital vested in them:

6 & 7 Geo. 6.  
c. 21.

Provided that, if the property to which the right relates was before the occurrence of the damage an endowment (within the meaning of section seven of this Act) of a voluntary hospital, the right shall for the purposes of this Part of this Act be deemed to be such an endowment.

(6) For the purposes of section fourteen of the War Damage Act, 1943 (which relates to the compulsory acquisition of partially damaged land) the transfer of any land under the foregoing provisions of this Part of this Act shall not be deemed to be the compulsory acquisition thereof.

(7) Where any property was, at any time between the twenty-first day of March, nineteen hundred and forty-six, and the appointed day, held or used by such persons and for such purposes as would result, but for anything done after the said date, in the transfer of the property to the Minister or to the Board of Governors of a teaching hospital under the foregoing provisions of this Part of this Act, and that property ceases to be so held or used before the appointed day, it shall nevertheless be treated for the purposes of those provisions as if it had continued to be so held or used until the appointed day, unless it is proved by a person whose interest in that property would be transferred to the Minister or Board under those provisions, that the fact that it was not so held or used immediately before the appointed day was due to something done or occurring in the ordinary course of business, and was in no way connected with the said provisions.

(8) Regulations may make such provision supplementary to or consequential on the foregoing provisions of this Part of

PART II.  
—cont.

this Act relating to the transfer of property and liabilities as appears to the Minister to be necessary or expedient, and in particular, but without prejudice to the generality of this subsection, regulations may provide—

- (a) for the determination by arbitration, in default of agreement, of any question arising as to whether any property or liability will be or has been transferred under the said provisions or as to the person to whom it will be or has been transferred;
- (b) for the amendment of documents relating to any transferred property or liabilities to such extent as appears to the Minister to be necessary for the purposes of such transfer; and
- (c) for enabling pending proceedings relating to any transferred property or liabilities to be carried on.

Power to  
acquire

- (b) for prescribing the procedure for the determination of applications by the Medical Practices Committee and for the making and determination of appeals to the Minister under this section, and for requiring Executive Councils and applicants to be informed of the decisions of the Committee and the Minister;

(9) The Medical Practices Committee shall, in a case where persons have to be selected from a number of applicants, and the Minister shall, on an appeal in any such case, have regard to any desire expressed by any applicant to practise with other medical practitioners already providing general medical services in the area or part of an area concerned, and of any desire expressed by such other medical practitioners to take any applicant into practice with them, and shall have special regard to the matters aforesaid in cases where an applicant is related to any such other medical practitioner.

Prohibition  
of sale of  
medical  
practices.

35.—(1) Where the name of any medical practitioner is, on the appointed day or at any time thereafter, entered on any list of medical practitioners undertaking to provide general medical services, it shall be unlawful subsequently to sell the goodwill or any part of the goodwill of the medical practice of that medical practitioner:

Provided that, where a medical practitioner, whose name has ceased to be entered on any such list as aforesaid, practises in the area of an Executive Council on whose list his name has never been entered, this subsection shall not render unlawful the sale of the goodwill or any part of the goodwill of his practice in that area.

(2) Any person who sells or buys the goodwill or any part of the goodwill of a medical practice which it is unlawful to sell by virtue of the last foregoing subsection, shall be guilty of an offence and shall be liable on conviction on indictment to a fine not exceeding—

(a) such amount as will in the opinion of the court secure that he derives no benefit from the offence; and

(b) the further amount of five hundred pounds;  
or to imprisonment for a term not exceeding three months,  
or to both such fine and such imprisonment.

(3) Where any medical practitioner or the personal representative of any medical practitioner knowingly sells or lets premises previously used by that practitioner for the purposes of his practice to another medical practitioner, or in any other way disposes or procures the disposition of the premises, whether by a single transaction or a series of transactions,

with a view to enabling another practitioner to use the premises for the purposes of his practice, and the consideration for the sale, letting or other disposition is substantially in excess of the consideration which might reasonably have been expected if the premises had not previously been used for the purposes of a medical practice, the sale, letting or other disposition of the premises shall be deemed for the purposes of this section to be a sale by the first medical practitioner or his personal representative of the goodwill or part of the goodwill of the practice of that practitioner to that other practitioner.

Where a medical practitioner or his personal representative sells, lets, or disposes or procures the disposition of, any premises together with any other property, the court shall, for the purposes of this subsection, make such apportionment of the consideration as it thinks just.

(4) Where in pursuance of any partnership agreement between medical practitioners—

- (a) any valuable consideration, other than the performance of services in the partnership business, is given by a partner or proposed partner as consideration for his being taken into partnership;
- (b) any valuable consideration is given to a partner, on or in contemplation of his retirement or of his acceptance of a reduced share of the partnership profits, or to the personal representative of a partner on his death, not being a payment in respect of that partner's share in past earnings of the partnership or in any partnership assets or any other payment required to be made to him as the result of the final settlement of accounts, as between him and the other partners, in respect of past transactions of the partnership; or
- (c) services are performed by any partner for a consideration substantially less than those services might reasonably have been expected to be worth having regard to the circumstances at the time when the agreement was made;

there shall be deemed for the purposes of this section to have been a sale of the goodwill or part of the goodwill of the practice of any partner to whom or to whose personal representative the consideration or any part thereof is given or, as the case may be, for whose benefit the services are performed, to the partner or each of the partners by or on whose behalf the consideration or any part thereof was given or, as the case may be, the partner who performed the services,

PART IV.  
—cont.

and the said sale shall be deemed for the purposes of this section to have been effected—

- (i) in a case to which paragraph (a) or paragraph (b) applies, at the time when the consideration was given or, if the consideration was not all given at the same time, at the time when the first part thereof was given; or
- (ii) in a case to which paragraph (c) applies, at the time when the agreement was made.

(5) Where any medical practitioner performs services as an assistant to another medical practitioner for a remuneration substantially less than those services might reasonably have been expected to be worth having regard to the circumstances at the time when the remuneration was fixed, and subsequently succeeds, whether as the result of a partnership agreement or otherwise, to the practice or any part of the practice of the second practitioner, there shall be deemed for the purposes of this section to have been a sale of the goodwill or part of the goodwill of the said practice by the second practitioner to the first practitioner, unless it is shown that the said remuneration of the first practitioner was not fixed in contemplation of his succeeding to the said practice or any part thereof, and the said sale shall be deemed for the purposes of this section to have been effected at the time when the remuneration was fixed.

(6) For the purposes of this section—

- (a) if a medical practitioner or the personal representative of a medical practitioner agrees, for valuable consideration, to do or refrain from doing any act, or allow any act to be done, for the purpose of facilitating the succession of another medical practitioner to the practice or any part of the practice of the first practitioner, the transaction shall be deemed to be a sale of the goodwill or part of the goodwill of that practice by the first practitioner or his personal representative to the second practitioner;
- (b) if any medical practitioner or any person acting on his behalf gives any valuable consideration to another medical practitioner or the personal representative of another medical practitioner, and the first medical practitioner succeeds or has succeeded, whether before or after the transaction aforesaid, to the practice or any part of the practice of the second practitioner, the transaction shall be deemed to be a sale of the goodwill or part of the goodwill of the practice of the second practitioner by him or by his

personal representative to the first practitioner, unless it is shown that no part of the consideration was given in respect of the said goodwill or part thereof:

PART IV  
—cont.

Provided that this subsection shall not apply to anything done in relation to the acquisition of premises for the purposes of a medical practice, or in pursuance of a partnership agreement, or to the performance of services as an assistant to a medical practitioner.

(7) In determining for the purposes of this section the consideration given in respect of any transaction, the court shall have regard to any other transaction appearing to the court to be associated with the first transaction, and shall estimate the total consideration given in respect of both or all the transactions and shall apportion it between those transactions in such manner as it thinks just.

(8) Where any consideration is, with the knowledge and consent of a medical practitioner or his personal representative, given to any other person, and it appears to the court that the medical practitioner or, if he has died, his estate or some person beneficially interested in his estate derives a substantial benefit from the giving of the consideration, the consideration shall be deemed for the purposes of this section to have been given to the medical practitioner or his personal representative, as the case may be.

(9) Any medical practitioner or the personal representative of any medical practitioner may apply to the Medical Practices Committee for their opinion as to whether a proposed transaction or series of transactions involves the sale of the goodwill or any part of the goodwill of a medical practice which it is unlawful to sell by virtue of this section, and the Committee shall consider any such application and, if they are satisfied that the transaction or series of transactions does not involve the giving of valuable consideration in respect of the goodwill or any part of the goodwill of such a medical practice, they shall issue to the applicant a certificate to that effect, which shall be in the prescribed form and shall set out all material circumstances disclosed to the Committee.

(10) Where any person is charged with an offence under this section in respect of any transaction or series of transactions it shall be a defence to the charge to prove that the transaction or series of transactions was certified by the Medical Practices Committee under the last foregoing subsection, and any document purporting to be such a certificate shall be admissible in evidence and shall be deemed to be such a certificate unless the contrary is proved:

PART IV.  
—cont.

Provided that, if it appears to the court that the applicant for any such certificate failed to disclose to the Committee all the material circumstances or made any misrepresentation with respect thereto, it may disregard the certificate and this subsection shall not apply thereto.

(11) A prosecution for an offence under this section shall only be instituted by or with the consent of the Director of Public Prosecutions, and the Medical Practices Committee shall, at the request of the said Director, furnish him with a copy of any certificate issued by them under subsection (9) of this section and with copies of any documents produced to them in connection with the application for that certificate.

(12) For the purposes of this and the next two following sections, references to the goodwill of a medical practice shall, in relation to a medical practitioner practising in partnership, be construed as referring to his share of the goodwill of the partnership practice.

for loss of  
right to sell a  
medical  
practice.

36.—(1) Every medical practitioner whose name is entered on the appointed day on any list of medical practitioners undertaking to provide general medical services shall be entitled to be paid out of moneys provided by Parliament compensation in accordance with this section in respect of any loss suffered by him by reason that he is or will be unable to sell the goodwill or any part of the goodwill of his practice by virtue of the last foregoing section.

(2) The aggregate amount of the compensation to be paid under this section shall be the appropriate proportion of sixty-six million pounds, exclusive of any sums paid by way of interest:

Provided that, if the aggregate number of medical practitioners included on the appointed day in lists of medical practitioners providing general medical services, or lists of medical practitioners providing services under any provisions in force in Scotland corresponding with the foregoing provisions of this Part of this Act, falls short of seventeen thousand seven hundred, the said sum of sixty-six million pounds shall be reduced by an amount calculated by multiplying the number by which the said aggregate number falls short as aforesaid by one seventeen thousand nine hundredth part of sixty-six million pounds.

(3) Regulations shall—

(a) prescribe the manner in which and the time within which claims for compensation are to be made, and provide for determining whether any claimant has suffered loss by reason of the matters referred to in subsection (1) of this section and, if so, the extent of that loss;

- (b) provide for the distribution of the said aggregate amount among the persons who have suffered such loss as aforesaid, having regard to the extent of their respective losses;
- (c) prescribe the manner in which and the times at which the compensation is to be paid, and secure that, except in such circumstances as may be prescribed, it shall not be paid until the retirement or death of the medical practitioner concerned, whichever first occurs; and
- (d) provide for paying out of moneys provided by Parliament interest at two and three-quarter per cent. per annum on the amount of the compensation payable to any medical practitioner, in respect of the period from the appointed day until the time when the compensation is paid;

and before making any regulations under this subsection the Minister shall consult such organisations as may be recognised by him as representing the medical profession.

(4) For the purpose of determining the appropriate proportion of the said sum of sixty-six million pounds—

- (a) the aggregate amount of the losses in respect of which compensation will be payable under this section and under the corresponding provision for Scotland, respectively, shall be calculated in such manner as the Treasury may direct; and
- (b) the said sum of sixty-six million pounds or, as the case may be, the said sum as reduced in pursuance of the proviso to subsection (2) of this section shall be apportioned as between England and Wales on the one hand and Scotland on the other, having regard to the said respective aggregate losses, and the amount apportioned to England and Wales shall be the appropriate proportion of that sum for the purposes of this section.

37. Where the Medical Practices Committee are satisfied, on the application of a medical practitioner or his personal representative, that—

- (a) the practitioner has retired from practice or died during the period between the passing of this Act and the appointed day; and
- (b) the goodwill of his practice has not been sold in whole or in part before the appointed day;
